CRIME SCENE PHOTOGRAPHY

Register Here

Registration is extremely limited!
Registration closes May 31, 2024.

About

Crime Scene/Evidence photography is a learned, specialized and supplemental form of investigative case reporting. Acquired photography skills will often result in recording critical scene conditions or details that official written reports may not comprehensively describe.

This course will go over Photography Basics, Lighting Basics, Scene Composition, Light Painting, and more. Please be aware, this will be a hands on course, with mock scenes, bending, standing, squatting, and flash photography. Please plan accordingly.
